Sexting

Activity 2

Hypothetical Situations

Consider the following situations. Discuss them in small groups or as a class.

1. You have sent to your boyfriend's or girlfriend's cell phone a naked photo of yourself in which you feel you look "hot."
 - Your feelings? Why do you think you would do such a thing?
2. Your boy/girlfriend shares it with a couple of friends without asking because he/she thinks you are hot!
 - Your feelings? Why do you think you would do such a thing?
 - Are your feelings any differently than they were when you first sent the picture to your boyfriend or girlfriend?
3. You subsequently break up with this boy/girl and the photo is then passed around in school.
 - Would you feel ashamed? Why or why not?
 - If you had negative feelings about yourself or the situation, what would you do? What might make you feel better?
 - Why would he or she pass the photos around?
 - How should it be stopped? By whom?
4. If your friend was the one in this situation, what would you say to him or her once the photo was passed around school? Is there anything you think you could do as his or her friend to help the situation?
