

Lesson 3

Consent

Activity 1

Consent on Youtube

There's a humorous video on youtube showing a young woman and young man on a bed. They stop their carrying on for a moment to negotiate consent, but in response to the question, "Should we go on?" the guy pulls out of his back pocket a long legal contract. She then calls in her lawyer to go over it. They both allow their lawyers to negotiate the sex acts of the evening and bring up possibilities for future dates.
